Appendix B

Open Answers

## Q 6 Open Answers: Other Barriers to Recruitment

#### Emphasized/Restated Geographic Issues

- Intensity of the job and Alaska's isolation
- Geographic Isolation/harsh living conditions
- Geographic Isolation/harsh living conditions
- Geographic isolation/harsh living conditions
- Geographic isolation/harsh environment
- Geographic Isolation
- Geographic

#### **Locating Qualified Candidates**

- Qualified candidates are the biggest barrier.
- Qualified Candidates
- Locating candidates meeting agency requirements

#### **Emphasized Financial Issues**

- For dentists, we have to compete w/ Native Clinic w/ loan repayment programs. It takes a long time to license dentists in this state.
- Salary is the biggest barrier
- Salary
- Money and all barriers related to being sole provider in rural setting.
- Financial Barriers
- Costs associated with aggressive marketing and relocation
- Cost of recruiting.
- Cost -- we are non-profit and can't afford to attract and keep good applicants
- Can't offer reasonable and accurate. Salary never mind Competitive. It's a misleading concept.
- Can't offer competitive salary/benefits package
- Can't offer competitive salary/benefits package
- Can't offer competitive salary/benefits package

#### High Cost of Living

- Cost of living
- At first many of the salaries appear high, but then the cost of living is factored in and salaries are not as attractive as they first appeared.

#### Housing

- Lack of locum availability, housing availability
- Housing

#### <u>Other</u>

• Staff conflicts are the biggest barrier to success.

## Q9: Other Recruitment Strategies Used

#### Job marketing Strategies

- All recruiting has been through the Office Manager and the volunteer Board of Directors.
- Attend conferences for various occupations, i.e., doctors, nurses, pharmacists, etc.
- Attend conferences in state & out of state & recruit by mouth also.
- Basically use word of mouth. They usually come to me.
- Conferences, direct mail, journal advertising, web-based advertising for Associations, general web-based advertising.
- Dumb luck -- literally! Our current Director was "cold calling" agencies in Alaska and found us.
   Case managers have moved here with a spouse and fell into our lap. Dumb luck is by far our best recruiting strategy. Our other LCSW moved here with a spouse.
- ICIMS -- our online application tracking system. It places all our openings out on the internet, which all contacts with all major career sites.
- Internet and website recruitment boards. Have managers go to conferences and network there.
- Limited funding and a very small program only allows Dental recruitment per Dr. \*\*\*\*\*, ANTHC Professional recruiting program.
- National Health Service Corps.
- Northwest Regional Primary Care Association -- have agreement to pay for successful recruitment. Job Services. Other web base recruitment firms.
- Number one recruitment strategy is being aggressive.
- On-line receipt, followed up with call, mailing of packet upon request and/or site addresses.
- Organizational website.
- Paper every agency in state. Hire fresh out of grad school w/out LPC to work there the required 2
  yrs until get license.
- Post all positions open in KANA building; fax to tribal councils and clinics.
- Proactive recruiting. Keep positions listed all the time, open or not, and respond to any inquiry and send recruitment packages in the event that an opening occurs.
- Recruit through medical missions and Christian Community Health Fellowship around conferences.
- Recruiting at ANTHC website.
- Recruitment marketing to lower 48.
- Rely on Dept of Personnel
- Nursing advertising in the western/northwestern regions. Limited college/university visits by statewide recruiting and ANTHC staff targeting medical schools and nursing schools.

#### Perks and Benefits

- In house student loan repayment plan for market critical positions.
- Recruitment bonuses for employees who find others to come to work.
- Retention bonus of 5% every 2 years

#### Selling the Community

- A packet intorducing (sic) providers to the community. They utilize a team interview process where potential providers have a chance to meet the staff.
- Arctic adventure and cultural component
- Emphasize cultural component and related activities.
- Recreational emphasis of the community
- Recruitment packet -- all information on Nome and area including video. Be of as much help as possible. Use our website as a tool.
- We tried advertising in Outside and SeaKayaker magazines to appeal to outdoorsy-type of people that would fit in to our community. Did receive applicants from this advertisement. Next fiscal

year, looking to purchase Job Science (HR applicant tracking pro

#### Selling the organization

- Do have videos/dvds, pamphlets & booklets they send out to prospects.
- Great place to work, growing, part of large corporation -- good services -- highly respected for quality by fed/state regulatory agencies.

#### Hire students/residents/trainees

- Interview midlevel (PA & NP) students who come here to do clinical rotations. Occasionally able to hire one.
- Mayor's Job Program. Provides entry level skills and work experience in a professional setting.
- Offer CNA class; will take new LPN/RN grads for preceptorship program; will pay travel to come and see facility and community.
- We have 6-8 students (mainly PA and NP but some medical) who do clinical rotations each year.
   Usually, we are able to hire one midlevel provider upon graduation because of their exposure to the clinic
- We recruit from the students and residents we host. We emphasize to mid-levels that they will have opportunities to expand their abilities well past a normal scope for a mid-level.
- We recruit directly out of the family practice residency program. This has been a successful
  relationship where we've hired a physician almost every year. We also try to create exposure
  experience for students we take medical students, take nursing stud

#### Other

- For MD recruitment we have spent more than we need to and hired all physicians, instead of using mid-levels. This has improved the call situation and provided a better work environment. We try to improve the work setting by allowing as much time away
- Try to connect weekly.
- None.

## Q10: Most Effective Recruitment Strategies

#### Internet resources

- For therapists, haven't hired one in a long time Ihire.com social services website got their therapist from Texas that way.
- Newspaper or internet ads. Getting them to see the community.
- Web site postings (APCA, ANPA, APA) and word of mouth.
- website, applicants enjoy packet, customer service is key.
- Advertisement in newspaper & Alaska Website & Tribal Newsletter
- Advertising in newspapers, IHS website
- Word of Mouth and Web advertising.
- Word of mouth, computer, personal contact.
- The NHSC website is exceptionally effective. Hosting students and residents is also very effective. For nurses, posting on a variety of websites and in Anchorage papers has proven fairly effective, although word-of-mouth has worked well, too.

#### Word of mouth

- As much information from Yakutat CHC to potential providers as possible. Information on Yakutat CHC, Yakutat and anything else they need, to be as informed as needed.
- informal networking -- resident doctors will talk about API during travels.
- Networking during conferences; placing hiring flyers/posters up during conferences. Contacting former employees for rehire or for leads.
- Strive to maintain organizational awareness among staff for positions that are hard to fill.
- Word of mouth
- Word of mouth and listing with the Alaska Job Bank
- Word of Mouth and Web advertising.
- Word of mouth, computer, personal contact.
- · Word of mouth. Paying people well/high compensation. Promoting a safe rural community.
- Again, the residency program has been very effective. A lot of successful recruitment happens by word of mouth. Getting exposure to the field is important (ie - allowing for job exploration opportunities) because the professionals really need to have
- Physicians (specialty) advertising in journals specific to specialty. Also attended physician conferences for specialty physicians. Sending out packets to interested candidates. Word of mouth
- Web site postings (APCA, ANPA, APA) and word of mouth.

#### **Newspapers**

- Advertisement in newspaper & Alaska Website & Tribal Newsletter
- Advertising in newspapers, IHS website
- Advertising in the Anchorage Daily News. Recruiting personnel as temporary contract employees and then recruiting to full-time positions. State website.
- Newspaper
- NWRPCA recruitment, newspaper ads/
- Other providers and physicians' newspapers.
- Newspaper or internet ads. Getting them to see the community.
- Website from the state and newspaper ads

#### Emphasizing quality of life

- Alaska sells itself. The most effective is people cold calling. People walk in off the street and ask for jobs.
- All Clinical emphasize the fishing season, the outdoor activities.
- Lifestyle of community.
- Location, work environment.
- Most of our recruitment efforts take place out of state. Selling the Alaska lifestyle is very important. RNs, Imaging technologists, Pharmacists. Job fairs are very effective.
- The community is a draw for potential employees. Many of our employees were drawn to a new program and new facility, realizing they can be a part of a young growing program.
- Word of mouth. Paying people well/high compensation. Promoting a safe rural community.

#### Financial/benefit incentives

- Market wages, full benefits package, smaller home-style hospital, moving allowance.
- Physician -- need an "easy" agreement for loan repayment. Other -- Print ads w/ display of Alaska, site visits - red carpet experience. Cold calls, resume mining.
- Positive place to work -- growing with new opportunities. \$3000 tuition reimbursement.
- Providing for onsite interviews for any position. Being able to offer good salary & benefits.
- Site visits. Pay for relocation and sign on bonuses.
- Word of mouth. Paying people well/high compensation. Promoting a safe rural community.

#### Hiring temp to full-time

- Again, the residency program has been very effective. A lot of successful recruitment happens by word of mouth. Getting exposure to the field is important (ie - allowing for job exploration opportunities) because the professionals really need to have
- On-site visit with 30 day locum duties.
- The aforementioned hiring of PA/NP students.
- The aforementioned.
- Advertising in the Anchorage Daily News. Recruiting personnel as temporary contract employees and then recruiting to full-time positions. State website.
- The NHSC website is exceptionally effective. Hosting students and residents is also very effective. For nurses, posting on a variety of websites and in Anchorage papers has proven fairly effective, although word-of-mouth has worked well, too.
- ANTHC & Job fairs (physicians); Residency program, loan repayment

#### Good work environment

- creative scheduling
- Positive place to work -- growing with new opportunities. \$3000 tuition reimbursement.
- Loan repayment availability and shared on call
- Location, work environment.
- Market wages, full benefits package, smaller home-style hospital, moving allowance.
- The community is a draw for potential employees. Many of our employees were drawn to a new program and new facility, realizing they can be a part of a young growing program.

#### Onsite visit

- Doctors -- meeting them in person.
- doctors, nurses, pharmacists -- site visits 2/ outdoor activities & cultural activities, i.e., fishing trips, visits during Kuskokwim 300 races (sled dog races), Camai dance festival (3 days of Native dance festival)
- MD visits and tours.
- Providing for onsite interviews for any position. Being able to offer good salary & benefits.
- Rural people, familiar with Alaska, bring them to meet community, staff.

- Site visits. Pay for relocation and sign on bonuses.
- On-site visit with 30 day locum duties.
- Physician -- need an "easy" agreement for loan repayment. Other -- Print ads w/ display of Alaska, site visits - red carpet experience. Cold calls, resume mining.
- Newspaper or internet ads. Getting them to see the community.

#### Alaska Native Tribal Health Consortium

- ANTHC
- ANTHC & Job fairs (physicians); Residency program, loan repayment
- ANTHC Professional Recruiting Physicians

#### <u>Journals</u>

- Ads in journals for Masters level Mental Health Clinicians
- Ads in medical journals
- Physicians (specialty) advertising in journals specific to specialty. Also attended physician conferences for specialty physicians. Sending out packets to interested candidates. Word of mouth

#### Emphasize loan repayment

Loan repayment availability and shared on call

#### Emphasizing need

· Community need and challenge

#### Job Fairs

- job fairs for MD, pharmacists
- ANTHC & Job fairs (physicians); Residency program, loan repayment
- Most of our recruitment efforts take place out of state. Selling the Alaska lifestyle is very important. RNs, Imaging technologists, Pharmacists. Job fairs are very effective.
- Responses from State of Alaska website more than any other methods. Job Fair in Glennallen.

#### Recruiter

Recruitment firms

#### Build personal relationship

- Link applicants with current staff to learn more about Barrow and the hospital
- · Personal relationship of staff.
- The info packet and interview style.
- website, applicants enjoy packet, customer service is key.

#### National Health Service Corp

- NHSC.
- The NHSC website is exceptionally effective. Hosting students and residents is also very effective. For nurses, posting on a variety of websites and in Anchorage papers has proven fairly effective, although word-of-mouth has worked well, too.

#### State of AK web resources

- Responses from State of Alaska website more than any other methods. Job Fair in Glennallen.
- The state job site has been good for masters level folks.
- Website from the state and newspaper ads
- Word of mouth and listing with the Alaska Job Bank
- Advertising in the Anchorage Daily News. Recruiting personnel as temporary contract employees and then recruiting to full-time positions. State website.

#### Alaska Primary Care Association

- NWRPCA recruitment, newspaper ads
- Web site postings (APCA, ANPA, APA) and word of mouth.

#### Other

- Be honest.
- · Being aggressive.
- Recruitment in other areas of the state that are rural.
- The most effective recruitment tool we have used has been offering scholarships to existing employees to get their RN. We carefully screen applicants for individuals who have significant ties to our community. For the most part the nursing programs have
- We try to recruit from local talent. We have been fortunate that professionals have come to us requesting employment, and have not had to do an all out recruitment effort in some time.

## Q 11: Least Effective Recruitment Strategies

#### **Journals**

- Advertising in professional journals.
- Journal ads
- Journal ads have not been helpful.
- Journal type advertisement.
- Journals
- Journals are not effective.
- Print advertising.

#### Internet resources

- A few professional Websites. Cost a bunch of money by yield junk providers. (i.e. looking for a Family Practitioner and they sent a neurosurgeon.)
- huge recruitment websites, such as career building.
- Some internet advertising (i.e. Monster.com) for physicians; however, other professions (i.e. nursing) had some success. local newspaper ads
- State of Alaska job site. Still use it and will continue to use it, but think people get tired of seeing
  it. Also, newspaper ads.
- Tried Anchoragehelpwanted.com got a bunch of applications, but no one was qualified. Tried the Job Bank but could not post for contract work.
- Waiting for people to get back to you. Not being aggressive. Taking your time. Some websites like careerRX
- Web-based recruiting.
- website advertising (usually do not get many good applicants, only foreign inquiries). (PT, OT, RPh, RN)
- Websites such as monster.com

#### Newspapers

- Ads in the papers.
- Advertisements in the newspapers.
- newspaper
- Newspaper
- Newspaper ads.
- newspaper/classified advertisements
- Print advertising.
- Ultimately it is the newspaper ads seemingly some folks are checking help-wanted on a whim.
- Very little response with general newspaper ads.
- Local newspaper
- Local newspaper ads.
- Local Newspaper listing

#### Direct Mail

- Direct mail.
- Physician -- Direct mail. Other -- generic print ads.

#### Onsite visits

 Onsite visits can be mixed success - inviting someone up for a visit can cause them to not want the job, but it is still important because they need to know the truth about living in AK.

#### State of AK Web Resources

- Alaska Job Website.
- State website, employment office. Brings in the dregs of society and the least professionally oriented population around - Masters level MH

#### **Recruiting Firms**

- Professional recruiters are still useless and expensive. They do not understand the environment here (even though we tried a new "rural oriented" recruiting firm this time).
- · Recruiters have been a waste of time and money.
- · Recruitment organizations.

#### Local recruitment

- · Local job postings in communities.
- Local newspaper
- Local newspaper ads.
- Local Newspaper listing
- Some internet advertising (i.e. Monster.com) for physicians; however, other professions (i.e. nursing) had some success. local newspaper ads

#### Financial/Benefit incentive

- Moving expenses, Anchorage community.
- Pay. Leave time.
- Salary information
- Telling them about pay. Newspaper.
- Trying to pay people big money to attract them. Throwing money out the window.
- Wages we can offer. Too low.

#### Other

- Job Fairs
- Limited follow-up calls being made.
- Open ended ads.
- Posting job vacancies.
- Recruiting former employees. They have usually moved to an urban area and prefer that lifestyle.
- Word of mouth

## Q12: Do you Partner with other organizations

#### Yes

- ABHA Masters level MH.
- Alaska Exposure Program.
- Alaska Exposure Program.
- Alaska Native Tribal Health consortium
- Alaska PCA, ANTHC.
- Alaska Primary Care Association
- ANTHC recruitment.
- ANTHC, IHS
- ANTHC, IHS, NHSC
- Bernard Hodes Group, Med Hunters
- Collaborating with SEARHC CFS to subcontract our Skagway Clinician to SEARHC for services in Skagway (focus in Prevention).
- IHS, Tanana Chiefs Conference, Inc., Chief Andrew Isaac Health Center
- In the process
- NHSC, Alaska Residency program
- Not partner exactly, but belong to four director associations and they swap candidates.
- NWRPCA (Northwest Regional Primary Care Association)
- Partner with Matsu Services & Behavioral Health.
- Physician -- yes medical staff/clinics. Other -- only for temporary help RNs not for permanent staffing solutions.
- TCC, NWPCA, APCA, ANTHC, MEDEX, Alaska Exposure
- UAF.
- Valley Hospital.
- We ask for information and network with the Primary Care Association and neighboring medical facilities regarding any knowledge they are willing to share of PA-C's and/or NP's they know that can be contacted by us for recruitment when needed.
- We have shared booth space at conferences/career fairs.
- We work with our village councils to provide jobs for community members
- Working on an APCA partnership
- Yes -- have placed dentist recruiters with Indian Health Services organizations while waiting state licensure. Eastern Aleutian Tribes.
- yes -- IHS, 3RNet.org, Alaska SEARHC, ANTHC
- yes ANTHC, Fairbanks Memorial Hospital
- Yes ANTHC
- Yes with Valley Hospital.
- Yes. headhunters.
- Yes, Providence Health System.
- Yes.
- Yes. Christian Medical & Dental Association and Christian Community Health Fellowship Organization.

#### No

- Have used head hunters in the past.
- No
- No but we have been approached by the local hospital.
- No I think we should.
- No. have not.
- No, not at this time.

## Q15: What would make your recruitment efforts more effective?

#### Be able to offer higher salaries

- · Ability to offer higher wages and benefits packages.
- Additional Loan repayment options. Have more money to offer. Larger applicant pool. There is a critical dentist shortage.
- · Being able to offer better salary & benefits
- · Being able to pay higher wages & benefits.
- Dedicated recruiting person. Finding better journals and publications. Sign on bonuses. More housing assistance.
- If we could offer more salary w/ cola and merit increases
- If we could provide kick-ass salary to make them want to work here. Offering 3% COLA helped in the past.
- increasing grant funding to help with salary benefits
- More incentives and better living conditions here. The second you can do nothing about, but possibly the government could offer more plans to get people into more rural, out of the way areas like here in Alaska.
- More state funding through grant awards. This would allow us to provide a more appealing compensation/benefits package.
- · My ability to compete with salary and benefits.
- Next time need to offer more money -- higher initial salary
- Our salary and benefits are not competitive considering the high cost of living in Alaska. Our retirement plan needs to be improved. We lack the funds necessary to improve either of these.
- Polished resources. Continuing education benefits. Best practices in recruiting.
- State give us more money to offer realistic wages.

### Candidate Pool/easier way to identify candidates

- A way to get the info about our need out to more/more useful venues. NHSC is a great source for newly graduated folks. A statewide or national job site would be great, too. LOWER AIRFARE would be a huge help, too.
- Additional Loan repayment options. Have more money to offer. Larger applicant pool. There is a critical dentist shortage.
- Alaska global pool serving as agency for rural Alaska to fill critical need
- If the state helped gather openings and published it in a accessible place
- Larger pool to draw from. The challenging financial environment makes it difficult to create and sustain professional positions.
- Placement of potential providers until state licensing + credentialing process is completed. Build a
  pool of providers/dentists to draw from. Expanded network to see who is interested in coming to
  Alaska and how to accommodate out of state applicants
- Pool of applicants
- Recruitment assistance targeting rural areas without urban amenities.

#### Bigger recruitment budget/more money

- Brochures or materials that would give potential candidates information on the state of Alaska (realistic and broad enough to be used to recruit different professionals). Budget increases.
- Don't have enough money to fly people up.
- Faster turnaround time; more specialists dedicated to recruiting; dedicated budgets to recruiting.
- Having time and money to invest in recruiting. Hiring a fulltime HR person. Too small to do that. Only need to recruit for the summer. Can handle winter with a smaller staff.
- If the facility were able to afford advertising on-line and in journals and to attend out of state job fairs.
- increasing grant funding to help with salary benefits
- Larger pool to draw from. The challenging financial environment makes it difficult to create and sustain professional positions.

- More funding for advertising
- More money to work with.
- More qualified Alaska residents; stable funding base to attract and retain qualified staff.
- More state funding through grant awards. This would allow us to provide a more appealing compensation/benefits package.
- Some type of rural options in Alaska promotion. Promoting the state and the rural beauty and stuff like that. Give people a clear idea of where they are going. Organizations to help subsidize recruiting efforts. They are putting a bunch of money out with
- · State give us more money to offer realistic wages.
- Wish we had more funds in general.

#### Need more candidates/grow own

- A university or school in Alaska that would provide competent, qualified health care workers in other hard-to-fill positions besides nursing. Physical Therapy, Speech & Occupational Therapy, Registered Sonographers, Respiratory Therapy, Pharmacists, Nurse Additional staff involvement; conference visit; university agreements (in progress).
- Better pool of applicants to draw from. Working with UAA to hire graduates.
- Increased number of local graduates at UAA/APU.
- More qualified Alaska residents; stable funding base to attract and retain qualified staff.

#### Not possible to be more effective

- Currently we are alright and do not need to make improvements in recruiting. We are a small rural
  clinic on the highway system, which is a great advantage to us and our medical providers. I believe
  this is one reason we are able to retain medical provider
- Not much. If you could know in advance what was going to be open next year.
- not sure, it's pretty good so far.
- Nothing, they are very good.

#### Better way to market facility/community/Alaska

- · Better location!
- Methods for showing what the community and clinic really have to offer. It is hard to find a good fit
  for our clinic as most applicants have never experienced this type of setting.
- · More candidate visits
- More incentives and better living conditions here. The second you can do nothing about, but
  possibly the government could offer more plans to get people into more rural, out of the way areas
  like here in Alaska.
- Physician -- less complicated legal agreements. Other -- most of the problem incurred can't really be remedied. It is difficult to find someone who has made Alaska their dream location.
- Some type of rural options in Alaska promotion. Promoting the state and the rural beauty and stuff like that. Give people a clear idea of where they are going. Organizations to help subsidize recruiting efforts. They are putting a bunch of money out with
- Statewide campaign to attract professional level staff from other locations to Alaska. Promote career ladder training for paraprofessionals to professional level care providers. Promote more job sharing/flex schedules or compressed time (4/10 hour days fo

#### Improvements to internal processes

- Better pool of applicants to draw from. Working with UAA to hire graduates.
- Brochures or materials that would give potential candidates information on the state of Alaska (realistic and broad enough to be used to recruit different professionals). Budget increases.
- Establish a new system for new contractual employees for new Medical Clinic.
- Faster turnaround time; more specialists dedicated to recruiting; dedicated budgets to recruiting.

- If we had more specialized knowledge about recruiting. As it is we figure it out as we go and do
  what we have done in the past. If we had more understanding and expeerience\_recruiting
  providers.
- More incentives in our advertising. Visit more websites and job fairs.
- More precise advertising. Taking advantage of statewide associations.
- Polished resources. Continuing education benefits. Best practices in recruiting.
- Reduce staff turnover in HR department here. New and updated video. One more recruiting staff. Training oppportunities for recruiting staff.
- Statewide campaign to attract professional level staff from other locations to Alaska. Promote
  career ladder training for paraprofessionals to professional level care providers. Promote more job
  sharing/flex schedules or compressed time (4/10 hour days fo

Track exit interviews -- reasons for leaving/retention issues -- bring to management attention

#### Loan repayment/tuition reimbursement

- Additional Loan repayment options. Have more money to offer. Larger applicant pool. There is a critical dentist shortage.
- Loan repayment more reliable.

•

#### Need increased staffing

- A fulltime HR person with ideas, experience and professionalism.
- Additional staff involvement; conference visit; university agreements (in progress).
- Dedicated recruiting person. Finding better journals and publications. Sign on bonuses. More housing assistance.
- Faster turnaround time; more specialists dedicated to recruiting; dedicated budgets to recruiting.
- Having time and money to invest in recruiting. Hiring a fulltime HR person. Too small to do that. Only need to recruit for the summer. Can handle winter with a smaller staff.
- · More dedicated staff time.
- Reduce staff turnover in HR department here. New and updated video. One more recruiting staff. Training opportunities for recruiting staff.
- Someone fulltime recruiting. But it doesn't make sense for such a small place.

#### Better facility/equipment

- A new clinic.
- Our unattractive physical plant can be a barrier to recruitment. We also have way more patients than we can see. I think the local hospitals could help us with recruitment efforts to get the word out there. If they're going out to job fairs outside, they

#### Other

- Alaska schools sending interested people our way (especially RNs).
- Physician -- less complicated legal agreements. Other -- most of the problem incurred can't really be remedied. It is difficult to find someone who has made Alaska their dream location.

### More networking

- A way to get the info about our need out to more/more useful venues. NHSC is a great source for newly graduated folks. A statewide or national job site would be great, too. LOWER AIRFARE would be a huge help, too.
- If I could afford the time, it may be well worth net-working with other HR departments state-wide to share recruiting ideas, things that have worked.
- More precise advertising. Taking advantage of statewide associations.
- Placement of potential providers until state licensing + credentialing process is completed. Build a
  pool of providers/dentists to draw from. Expanded network to see who is interested in coming to
  Alaska and how to accommodate out of state applicants

### Housing issues/living conditions

- Better housing offered.
- Dedicated recruiting person. Finding better journals and publications. Sign on bonuses. More housing assistance.
- More incentives and better living conditions here. The second you can do nothing about, but possibly the government could offer more plans to get people into more rural, out of the way areas like here in Alaska.

## Q 16: What would you like to see happen as a result of this study?

#### Access to Study Data/Ideas from Others

- Would love to see what other organizations do in their own recruitment strategies to help us formulate new ideas.
- Would like to see what other people are doing to recruit.
- Would like to see the results. Would like to see more efficient recruiting
- Would like to see the actual report. Wants to compare their recruiting with the practices of others.
- Send the survey to her instead of the administration. Need to offer programs locally or promote students entering the field. Getting students education at a cost that is affordable.
- see what costs are for other organizations.
- Publication -- statistics and trends.
- Just like to see a comparison.
- Hear from other participants their strategies for recruitment.
- A comparison of what others are doing in a similar setting.
- A comparison of what others are doing in a similar setting.
- Would like to see if there are more effective places and what techniques they are using.
- Find out what's working for other recruiters.
- Would like to see a recruiters conference or work shop where discussions and information sharing could take place. Alaska information averages
- Would like some information that will help increase the learning curve. A list of tips and techniques for recruiting. A list of what's most effective for others.
- The results and a grant to aid rural-located clinics to recruit.
- Physician -- state loan repayment beyond primary care. Other -- I would like to know how other companies recruit and retain outside candidates.

#### Increased awareness of recruitment challenges

- Recognition of the need for more rural candidates and more or better forums to reach them.
- More public awareness on the cost of trying to locate staff. That the general public and legislature realize that not all workers receive salary increases each year.
- Hope that the state sees the massive amount of need for medical professionals in this state and focus
  educational opportunities on grow your own and health career choices. Rural needs are much more
  important than metro needs.
- Demonstrate the universal difficulties in hiring and maintaining professional staff.
- An understanding at state level that it's tough to get good people and keep them.
- The ability ot keep staff and find staff easier.
- State and Federal government are not recognizing the true cost of providing care in Alaska. Studies such as this can be used in support of improved reimbursement. Our local scholarship program depends on distance learning programs that meet the needs of I

#### Statewide clearinghouse/way to reach candidates

- Pool of potential applicants or affordable locums. Career ladder for CHA/P's and community counselors
- Pool funds to recruit for global pool with selected applicants going to area with critical need
- More people in the applicant pool.
- More mid-level providers made aware of small CHCs looking to employ them.
- Less Costly ways of recruiting shared recruiting
- Develop a network of organizations. Offer a better understanding of what strategies are working. Develop a pool of providers w/ organizations, without all the rules associated with South Central
- · Availability of more recruits.
- Recognition of the need for more rural candidates and more or better forums to reach them.
- Sharing of statewide information and current salaries for specific positions statewide. Locum pool development.

#### Collaboration

- Working together w/ other rural Alaska facilities to assist each other with recruiting.
- · More resources and partnerships
- · Information sharing.
- Increase collaboration with other rural organizations to target individuals interested in rural living.
- Better pool resources for recruitment. Shorter time in obtaining licenses for physicians but particularly dentists.

#### Develop information on good recruitment practices

- Would like to see a recruiters conference or work shop where discussions and information sharing could take place. Alaska information averages
- Would like some information that will help increase the learning curve. A list of tips and techniques for recruiting. A list of what's most effective for others.
- We would hope to see those areas where we might most effectively spend our recruiting dollars.
- The ability to keep staff and find staff easier.
- Offer suggestions for recruiting to rural areas. List of salary ranges for state.
- I don't know. People get more ideas on recruitment. Would like to know how many people get right on it when they are recruiting. They have an aggressive approach.
- Give us ideas and support.
- Concrete idea systems to improve efforts for CHC/IHS funding entities
- Actionable recommendations; access to funding.

#### Salary Data

- Sharing of statewide information and current salaries for specific positions statewide. Locum pool development.
- Comparable Salary and Benefit Packages.
- Offer suggestions for recruiting to rural areas. List of salary ranges for state.

#### Recruitment assistance

- more state assistance with recruiting
- Help in recruitment -- money, coop advertising w/ Visitors Association. Dental -- easier licensing process.
- Getting psychiatrists. They don't have access to part-time/contract psychiatrists.
- Give us ideas and support.

#### More/improved in-state training programs

- Political pressure. State government should provide education opps to give us the # of qualified candidates needed. Medicare/caid needs to adequately reflect the cost of staffing. Need to understand the real cost of doing business.
- Need University of Alaska system to step up so we stop trying to pull folks from the Lower 48. Increase stable/base grants available for ALL social service agencies so we can compete for qualified staff.
- Advocate from UAA expansions to support medical community.
- Send the survey to her instead of the administration. Need to offer programs locally or promote students entering the field. Getting students education at a cost that is affordable.
- Hope that the state sees the massive amout of need for medical professionals in this state and focus
  educational opportunities on grow your own and health career choices. Rural needs are much more
  important than metro needs.
- Pool of potential applicants or affordable locums. Career ladder for CHA/P's and community counselors

#### Increased funding

- The results and a grant to aid rural-located clinics to recruit.
- State realizes we need more money to keep staff and replace staff as needed so we can provide services to clients without interruption.

- State and Federal government are not recognizing the true cost of providing care in Alaska. Studies such as this can be used in support of improved reimbursement. Our local scholarship program depends on distance learning programs that meet the needs of I
- Not Sure Currently our funding does not allow us to hire much staff
- More funding to keep positions open.
- Increase in State grant funding for mandated integrated Mental Health / Subsistence Abuse programs.
- Give rural facilities a bit more money to use for wages or to emphasize for training purposes.
- Get some financial assistance with recruiting. Better repayment programs for loans. More State job fairs.
- Get more money. Give federal loan forgiveness money to social workers and private non-profits. Now it only goes to IHS.
- Ability to get grants for recruiting. We lost our grant last year for recruiting and are no longer able to do
  it.
- More resources and partnerships
- · Actionable recommendations; access to funding.
- Political pressure. State government should provide education opps to give us the # of qualified candidates needed. Medicare/caid needs to adequately reflect the cost of staffing. Need to understand the real cost of doing business.
- Need University of Alaska system to step up so we stop trying to pull folks from the Lower 48. Increase stable/base grants available for ALL social service agencies so we can compete for qualified staff.

#### Loan repayment program

- Physician -- state loan repayment beyond primary care. Other -- I would like to know how other companies recruit and retain outside candidates.
- Get some financial assistance with recruiting. Better repayment programs for loans. More State job fairs.
- Get more money. Give federal loan forgiveness money to social workers and private non-profits. Now
  it only goes to IHS.

#### Licensing Process improvement

- Better pool resources for recruitment. Shorter time in obtaining licenses for physicians but particularly dentists.
- Help in recruitment -- money, coop advertising w/ Visitors Association. Dental -- easier licensing process.

#### Other

- We need to continue working on workforce issues. Keeping it a high priority. I understand providers
  are the bread and butter, [but] we need to look at the whole of health care professionals. We need to
  look at other positions, lab techs, CEOs, CFO are all
- More focus on rural Alaska. More attention to needs of rural community centers.
- More assessment of individual needs. Each community in Alaska is different.
- better tracking of costs by detail

#### Q 17: Interest in Collaboration

#### Yes

- Absolutely.
- Always.
- I am available if I can be of assistance.
- Of course.
- Sure.
- Very much so.
- yes always
- yes Fairbanks Memorial Hospital, Tanana Valley Clinic
- Yes I think that something like a dental network would be good. If you had a dentist that liked to travel, the position can be shared among several organizations. It would be helpful for everyone to have standardized equipment, forms, etc. for the shared
- · Yes if it works.
- Yes, but would depend on MOA.
- Yes, dependent upon time commitment.
- Yes, is there such a website available, other than ANTHC?
- Yes
- Yes. For dentists we are collaborating with NWRPCA but there is an opportunity to cut through licensing timeline by placing recruitees temporarily with IHS clinics.
- Yes. Perhaps ideas could be generated to do an ad campaign to recruit healthcare workers to Alaska.
- Yes. We would certainly look to collaboration efforts.

#### Maybe.

- Does not see how this would be helpful but is not in opposition to trying
- Have thought about it but have not looked into it.
- In spirit yes, but don't want to compete.
- Interested but who takes priority and how will it work.
- Maybe
- Maybe.
- Not at this time, possibly in the future.
- Not at this time.
- Other -- Ideas are always welcome.
- Perhaps.
- Possibly, but not competing.

#### No

- It would be good if we were a larger community. Wouldn't want to lose applicants to others.
- No
- · Not now . Not needed

Appendix C

Survey Instrument

## 2005-2006 Recruitment Strategies and Costs for Several Provider Types:

## **Alaska Clinics and Hospitals**
